FELKER PIPING PRODUCTS

A DIVISION OF FELKER BROTHERS CORP.

ISO 9001 Certified

January 2, 2014

To Our Valued Customer:

Re: Felker Brothers Base Price Increase

Effective with new orders starting January 13, 2014, Felker Brothers Corporation will be increasing all base prices by approximately 5% on pipe and tube products. Please contact your Felker Brothers' sales representative with any questions.

This price increase will be achieved by reducing the functional discount by approximately four percentage points on our attached P-100713 REV1 list price sheet.

These increases are necessary due to the announced material increase from the steel mills and rising manufacturing costs.

Thank you for your continued support of Felker Brothers Corporation. We look forward to providing you with the industry's highest quality products and service.

Sincerely,

FELKER BROTHERS CORPORATION

Randy Krogman
