To Our Valued Customer:

Re: Freight Recovery Announcement

Over the past few years, our freight costs have increased significantly and we can no longer absorb all of the costs. To help recover a portion of these costs, effective July 1, 2014, Felker Brothers will implement a freight recovery charge of one quarter of one percent of the invoice amount on new purchase orders.

Example: On a \$50,000 full freight allowed purchase order, the freight recovery charge amount would be \$125.00.

This charge will show up on your invoice as a separate line item and will be in addition to the product pricing and any other additional charges that may be negotiated at time of order placement. This charge only applies to full freight allowed orders.

Thank you for your understanding and continued support of Felker Brothers Corporation. If you have any questions, please feel free to contact me.

Sincerely,

FELKER BROTHERS CORPORATION

Randy Krogman
