

Custom Products Technician

This position is responsible to create cost estimates, bills of material and routings required for the manufacture of non-standard products for Piping Products and Felker Fabrication. Coordinate with Production Control and Purchasing on material requirements and/or outside labor sources for estimating purposes.

This position requires strong decision making and problem solving skills, strong ability to communicate effectively, general personal computer knowledge with advanced Microsoft Word® and Microsoft Excel® skills and the ability to work both independently and as part of a team. Technical school graduate or two years of experience in production control, manufacturing or drafting is preferred.

We offer a competitive wage and benefit package. Interested candidates may apply by application to:

Felker Bros. Corp. – CPT
Attn: Human Resource Dept.
22 N. Chestnut Avenue
Marshfield, WI 54449

An equal opportunity employer/drug test required
