

**DRAFTSPERSON** - This position is responsible for generating drawings for general arrangement of piping, isometrics and shop fabrications. Position requires extensive knowledge of AutoCAD and other computer programs such as Excel, Word, etc. Must possess sound written and verbal communication skills, good time management and problem solving skills. Educational equivalent of an associate's degree or at least two years' experience in mechanical design is preferred.

**SALES COORDINATOR:** This position requires communicating both in writing and verbally with customers, Felker's sales representatives, and all other Felker personnel in regard to orders, prices, products and deliveries. Prepare, review, and maintain documents relative to sales and marketing such as warehouse, credit/debit memos, return goods authorizations, etc.

The individual selected for this position must have excellent written and verbal communication and organizational skills, a good mechanical ability or significant experience in the process industry, be able to work well with customers and co-workers and have the ability to use problem solving techniques. Education requirements include an associate degree in engineering, sales/marketing or business or sufficient experience in the process industry.

**SEMISKILLED:** This is an entry level production position. Assigned work areas may include pickling, warehouse, shipping and receiving, grinding and operating rolls and presses. High school diploma, or equivalent, required.

**FAB/FITTERS:** Requirements include demonstrated ability to produce acceptable quality production welds in various positions using both MIG and TIG processes on a variety of stainless steel products, strong math skills, excellent past attendance record and good communication skills. Blueprint reading preferred. High school diploma, or equivalent, required.

**UTILITY OPERATOR** – In this position, individuals will be required to weld (MIG and TIG) and run various machines. Requirements include good communication skills, excellent past attendance record and ability to work with others. Weld training/experience preferred. High school diploma, or equivalent required.

We offer a competitive wage and benefit package, to include health, dental, disability and life insurance, paid holiday and vacation and retirement package.
